MEMORANDUM

To: Board of Supervisors, Southern Hills Plantation I Community Development

District (the "District")

From: Jennifer Kilinski

Date: February 2, 2021

Re: Memorandum Regarding District Options with Respect to Taking Title to

Property

Introduction

The purpose of this memorandum is to provide the Board of Supervisors (the "Board") with a general outline regarding the acquisition of the property by the District through gift, devise or sale or otherwise obtaining property through an assignment of a judgment or ownership from the city or county to a special purpose entity ("SPE") limited liability company ("LLC") established by the District.

This memorandum is intended to provide guidance to the Board in evaluating the benefits and risks associated with the foregoing options. Ultimately, we advise the District, should it desire to acquire property, to create an SPE based upon the analysis set forth below. Taking title to the subject property in the name of the District would subject the District to additional risk which is best obviated by use of the SPE structure as the entity to own, manage and sell the subject property.

Acquisition of Subject Property Directly by the District vs. Acquisition in a District created SPE – Risks

Following is a list of risks and liabilities that may arise in taking ownership of property. This list is intended to be a broad overview of the liabilities one could be subject to, regardless of owner. However, given the available alternative of creating an SPE for purposes of taking title to the subject property, the District is in a position to mitigate these risks.

Environmental Liability

Environmental liability may accrue to the owner of property regardless of the method of conveyance. Environmental liability may be imposed under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA), which is a federal law that imposes strict

liability for cleanup on current owners and operators of a site that contains hazardous waste.¹ An "owner" includes title or control which was conveyed due to foreclosure. If a party is found liable under CERCLA, it will be liable for the cleanup costs of the site. There is an exemption available to innocent purchasers of property if certain conditions are met. Liability may also be imposed under the Resource Recovery and Management Act ("RCRA") which is managed by the Florida Department of Environmental Protection ("FDEP") and covers solid waste and hazardous substances.² The liability scheme is similar to CERCLA in that persons liable under RCRA include present owners of facilities. However, RCRA does not specifically exempt innocent purchasers.

As to the subject property, as construction is not complete and these are vacant lots, the risk of environmental liability, if any, is likely concentrated in the undeveloped/vacated area. The District is unaware of whether environmental studies were conducted by the landowner prior to the issuance of Bonds; if they were conducted, the District does not own or have any reliance interest in those studies.

Premises or Tort Liability

An owner of property may be liable for an injury to or death of a person on or near premises that are under their ownership and control.³ Premises liability is based on the negligence of the property owner in allowing invitees to enter an area, without warning, where the owner could foresee that such persons could be injured by a dangerous condition on the property that is not readily apparent. The District may insure for this risk and does have sovereign immunity.

Eminent Domain

The District is located within the boundaries of the city of Brooksville, Hernando County in the State of Florida. Each of those entities possess the power of eminent domain--the ability to take property for certain approved purposes. The Florida Constitution provides that "[n]o private property shall be taken except for a public purpose and with full compensation therefore paid to each owner or secured by deposit in the registry of the court and available to the owner."⁴

Tax Liability

a. Federal Taxes

Federal taxes impact a Florida real estate transaction with regard to the gain that will be realized for income tax purposes. A limited liability company is a "pass-through" entity for federal income tax purposes. A "pass-through" entity is an entity in which all taxable revenues, expenses, gains and losses are passed through to the owners of the entity. Thus, in our scenario, the members

¹ 42 U.S.C.A. §§ 9601-9628

² Fla. Stat. §§ 403.702-403.7721

³ Houssami v. Nofal, 578 So. 2d 495 (Fla. 5th DCA 1991).

⁴ Fla. Const. Art. X. Sec. 6.

are then responsible for the payment of the tax, if any. Florida law follows the Federal law on the income tax treatment of LLCs. Although we do not anticipate federal income taxes accruing as a result of the foreclosure, when lands are re-sold there may be tax obligations which accrue.

b. State Taxes

Florida law provides for the payment by the purchaser of documentary stamp taxes on any instrument or writing whereby real property or an interest therein is transferred. This tax is in the amount of 70 cents per \$100 of consideration.⁵ Further, subsection (9) of the same section clarifies that "a certificate of title issued by the clerk of court under s. 45.031(5) in a judicial sale of real property under an order or final judgment issued pursuant to a foreclosure proceeding is subject to the tax imposed by subsection (1). However, the amount of the tax shall be computed based solely on the amount of the highest and best bid received for the property at the foreclosure sale." \$201.02(9), F.S.

Governmental entities are generally exempt from paying for documentary stamps, with the burden to pay documentary stamps on a transaction in which the government is the purchaser being shifted to the nonexempt party (i.e., non-governmental) to the transaction.⁶ If the Certificate of Title is issued in the name of a governmental entity, then no documentary stamps are due. If the entity taking title is not the governmental body itself, then documentary stamps are due from the transferee.

Ad valorem property taxes are also imposed on property within the District. Exemptions are granted by the Hernando County Tax Collector and Property Appraiser for lands owned by the District and used for public purposes. The subject property is currently subject to ad valorem taxes. It is unlikely that the subject property would be granted an exemption once title passes to the District based on Florida law.

Contractual Claims

Contractual liability may arise as a result of sales or other contracts which may be entered into associated with the management and subsequent sale of the subject property. An important advantage of acquiring property through an SPE is the liability protection afforded to the members of an LLC. Members of an LLC are not liable, solely by reason of being a member, under a judgment, decree, or order of court, or in any other manner, for a debt, obligation, or liability of the LLC. §608.4227(1), Fla. Stat. The debts, obligations and liabilities of an LLC, arising in contract, are solely the debts, obligations and liabilities of the LLC.

⁵ Fla. Stat. §201.02(1)(a)

⁶ Fla. Stat. § 201.01

Piercing the LLC Veil

Florida courts have held piercing the corporate veil applicable to LLCs if (1) the member dominated and controlled the LLC to such an extent that the LLC's independent existence was in fact nonexistent and the members were in fact alter egos of the LLC; (2) the LLC form must have been used fraudulently and for an improper purpose; and (3) the fraudulent or improper use of the corporate form caused injury to the claimant.⁷ It is worth noting that courts have been generally reluctant to pierce the LLC veil and hold members personally liable for the debts and obligations of the LLC.⁸ The few times the LLC veil has been pierced were due to some wrongful, tortuous or criminal act.

Statutory law provides that a member of a limited liability company shall be personally liable and accountable only for negligent or wrongful acts or misconduct committed by that person, or by any person under that person's direct supervision and control, while rendering professional service on behalf of the limited liability company. Furthermore, an LLC can indemnify a member, manager or officer of an LLC except when the actions, or omissions of such member, manager or officer involves a violation of criminal law, a transaction where such person derives an improper personal benefit or acts with wilful misconduct or a conscious disregard for the best interests of the LLC. ¹⁰

Summary - District-Owned v. SPE-Owned

	District	SPE
Environmental Liability	Sovereign immunity if acquired involuntarily ¹¹ ; otherwise liability under CERCLA, RCRA may exist.	SPE may be liable under CERCLA or RCRA and passing liability onto members would require piercing the SPE veil.
Premises or Tort Liability	District has sovereign immunity on par with the State of Florida.	Members are only liable for negligent acts committed by themselves or people they control. Otherwise SPE is liable (sovereign immunity may not apply) to the extent

⁷ In re Multimedia Communications Group Wireless Associates of Liberty Co., Ga., L.C., 212 B.R. 1006, 1009 (M.D. Fla. 2006) (noting in dicta that courts disregard the corporate entity only in the most extraordinary cases and those who seek to pierce the veil carry a very heavy burden).

⁸ Please note that for purposes of this memorandum the term "member" means the District as an entity and not Board members personally.

⁹ Fla. Stat. §621.07

¹⁰ Fla. Stat. §608.4229

¹¹ Acquiring title from the city/county in this instance likely not considered involuntarily.

		determined by law and passing liability onto members would require piercing the SPE veil. 12
Eminent Domain	District property may be taken by general purpose local or state government.	SPE property may be taken by general purpose local or state government.
Federal Taxes	District may be responsible for gains or losses affecting income tax.	Gains or losses affecting income tax pass through to the members of the SPE.
Documentary Stamp	Exempt from documentary stamp	Not exempt from
Taxes	taxes.	documentary stamp taxes.
Ad Valorem taxes	Property unlikely to be exempt.	Property not exempt.
Contractual Claims	Liability for contracts in the name of the District.	Members generally protected from liability of contractual claims against SPE unless showing of improper conduct. SPE liable for breaches absent piercing of the SPE veil.

Once the SPE is established, as discussed above and summarized below, the potential liabilities will be isolated in the SPE absent a piercing of the corporate veil in litigation. In order to do so, a litigant would have to prove that: (1) the District dominated and controlled the SPE to such an extent that the SPE's independent existence was in fact nonexistent and the District was in fact the alter ego of the SPE; (2) the SPE form was used fraudulently and for an improper purpose; and (3) the fraudulent or improper use of the corporate form caused injury to the litigant. Item 1 is within the District's control and a District created SPE would avoid this result. In any event, piercing the SPE veil is difficult and rarely done.

It terms of minimizing liability to the District, taking title in the name of the District appears to <u>only</u> offer a better result in the application of documentary stamp taxes. The use of the District or SPE is a neutral decision where liabilities regarding eminent domain, federal taxes and ad valorem property taxes are concerned.

¹² It should be noted that were the veil to be pierced for tort liability purposes, allowing liability to accrue to the District, then sovereign immunity should apply.

The use of the SPE provides significant protection to the District from liabilities associated with environmental contamination, torts or personal injury, and contracts entered into regarding the management and sale of the subject property. In each case, any potential liability would be concentrated in the entity actually owning title to the subject property.

38			

- 39 Mr. McCoskrie recalled that, at the previous meeting, the Board directed him and Ms.
- 40 Kilinski to pursue agreements with Southern Hills Plantation CDD II and CDD III to formalize a
- repayment structure. He gave the following update:
- Draft documents were produced for the Board's consideration. The amounts due would
- 43 be finalized with Mr. Pinder.
- 44 Regarding payment structures, CDD II was slightly more straightforward than CDD III.
- Neither CDD II nor CDD III would be charged interest on amounts outstanding prior to
- 46 Fiscal Year 2015.
- 47 Since the current Management Company did not start until 2015, there were no records
- 48 of the outstanding amounts from either District, prior to 2015.
- 49 Mr. Adams clarified that there were records of the amounts but no backup to support
- the amounts, which renders the accuracy doubtful.
- 51 CDD II and CDD III would be given one year to pay the outstanding amounts.
- 52 In good faith and in consideration of settlement between the parties, the District is
- willing to waive the 2015 prior amounts and commence with the Fiscal Year 2016 amounts,
- 54 going forward.
- The funds owed were for operations and maintenance (O&M) of CDD II and CDD III.
- 56 CDD III differs because it involves the Developer, District Manager and District Counsel,
- 57 who also represent CDD I and CDD III.
- In the CDD III Agreement, the Funding Agreement between the Landowner and CDD III
- 59 entity is referenced.
- 60 > In the CDD II Agreement, there is not a direct Developer Funding Agreement for the
- 61 District to fund various O&M assessments.
- 62 In the CDD III Agreement, there are no other assessment pairs except for the majority
- 63 Landowner, so the District is currently funded by the Developer Funding Agreement for its
- 64 budget and the Agreements currently only run to the District-established O&M budget, which is
- 65 miniscule, as very few meetings are held.
- There has not been a separate Interlocal Funding Agreement for CDD III; CDD III has
- 67 never received payment from the Landowner to remit, pursuant to the Interlocal Agreement.

- Since CDD III can only make payments if the Landowner agrees to fund them, Staff intends to produce a funding agreement between CDD III and the Landowner that attaches the repayment agreement.
- 71 If repayment is not received, the District can levy an assessment on the property and foreclose.
- CDD III has been making payments to the District and the total owed since 2015 went down from \$217,000 to approximately \$95,000.
 - CDD II only made one \$8,000 payment, in 2017, in the form of a cash receipt, which Mr. Pinder could not confirm.

Ms. Kilinski recommended approval of the Interlocal Agreements, in substantial form, and suggested that the Board grant Mr. McCoskrie authority to execute, on behalf of the District, once finalized. The Agreements would then be transmitted to CDD II and CDD III for consideration and Staff would provide either signed Agreements or further feedback at the next meeting. Mr. Romero asked if the language in Section G, for CDD III, and Section H, for CDD II, was clear that, if there were a default, all prior unsupported payments from 2016 would become due as well. Ms. Kilinski would clarify the language to reflect that the prior amounts are also accelerated.

On MOTION by Ms. Bloomquist and seconded by Mr. Romero, with all in favor, the CDD II and CDD III Repayment Agreements, in substantial form, and authorizing Mr. McCoskrie to finalize the Agreements and present them for ratification or further acceptance, was approved.

FOURTH ORDER OF BUSINESS

On-Roll Payment Amounts in Arrears as of 12/31/20 and Payment Options

Mr. Szymonowicz stated the "On-Roll Collections, FY 2016-2020" table represented the last five years of historical assessment collections that were placed on the County tax rolls, broken out into General Fund (GF), Debt Service Fund A-1 (DSF A-1) and Debt Service Fund A-2 (DSF 1-2) collections. He compared the amounts that were actually placed on the County rolls, which did not take into account government-owned lots or lots that were placed on a list of

"lands available for sale" by the County. These parcels could not receive tax bills and, consequently, the District could not levy collections. He reviewed the total percent collected from each Fiscal Year listed and stated, cumulatively, the District was over the full collection of 92% ratio. Almost all of the lots are platted and owned by the Master Developer; only eight platted lots had taxes paid through tax certificate sales. This is the third year that tax certificates have been offered, which places the District in the "danger zone", because, if there are no purchasers after three years, the County may place 208 of the lots on the list of "lands available for sale." Mr. McCoskrie summarized that there are no issues with the on-roll collections; however, for the off-roll collections, the Developer owes \$557,000, which has principal and interest (P&I) and O&M components and are straining the District's reserves. At some point, the District or the Bondholders will have to address the off-roll properties.

Discussion ensued regarding the County, lots with tax certificate sales and tax deed sales. Per the Board's direction, Mr. Szymonowicz would research the list of lands available for sale by the County and report his findings at the next meeting. Ms. Kilinski would forward a memorandum to the Board regarding the considerations in pursuing ownership of property and the District's role in holding assessments on property and options.

FIFTH ORDER OF BUSINESS

Off-Roll Payment Amounts in Arrears as of 12/31/20 and Payment Options

This item was addressed during the Fourth Order of Business.

SIXTH ORDER OF BUSINESS

Continued Discussion: Pond and Pond Banks Owned and Operated by the CDD

Mr. Adams presented maps of the ponds and pond banks owned and operated by the District. The maps were reviewed and scrutinized by District Staff following the previous meeting and determined to be 100% accurate.

SEVENTH ORDER OF BUSINESS Continued Discussion: Landscaping Contract

Mr. Adams stated no contractors were engaged because three Board Members asked to hold off on obtaining proposals, pending further review of the revised landscaping contract that was forwarded following the previous Board Meeting. Discussion ensued regarding shrub maintenance, change orders, pond maintenance, improving the water quality and publicizing a Request for Proposals (RFP).

EIGHTH ORDER OF BUSINESS Discussion: Sprinkler Impacts Along Entry Boulevard

Ms. Bloomquist stated she would confer with the City regarding maintenance on the roadway, as they are responsible for maintaining the main Southern Hills Boulevard roadway and recently had the potholes filled. She learned that some of the road issues are due to irrigation and the way the irrigation is set up on the roadway. Whatever contractor the District hires must inspect the irrigation so that the City cannot blame the District for damages. She would consult with Mr. Manuel, of Coastal Engineering, prior to contacting the City, to inform them that the CDD has a plan to make sure that the irrigation is not corrupting the roadway. Another concern was the amount of traffic, which would continue to increase on the Boulevard and other alternate routes; new roadways would likely be constructed. The District needs to make sure that the City remains vigilant in maintaining the main roadway.

NINTH ORDER OF BUSINESS Discussion: Meeting Frequency and Financial Impact

Mr. Adams stated that Board Meetings would be held monthly, for the foreseeable future.
