SOUTHERN HILLS PLANTATION I COMMUNITY DEVELOPMENT DISTRICT November 13, 2023 **BOARD OF SUPERVISORS** REGULAR **MEETING AGENDA**

AGENDA LETTER

Southern Hills Plantation I Community Development District OFFICE OF THE DISTRICT MANAGER 2300 Glades Road, Suite 410W•Boca Raton, Florida 33431 Phone: (561) 571-0010•Fax: (561) 571-0013•Toll-free: (877) 276-0889

November 6, 2023

Board of Supervisors Southern Hills Plantation I Community Development District ATTENDEES: Please identify yourself each time you speak to facilitate accurate transcription of

meeting minutes.

Dear Board Members:

The Board of Supervisors of the Southern Hills Plantation I Community Development District will hold a Regular Meeting on November 13, 2023 at 10:00 a.m., or immediately following the adjournment of the Workshop, scheduled to be held at 9:00 a.m., at the Southern Hills Plantation Clubhouse, located at 4200 Summit View Drive, Brooksville, Florida 34601. The agenda is as follows:

- 1. Call to Order/Roll Call
- 2. Public Comments (Agenda Items)
- 3. Update: Steadfast Environmental, LLC Waterway Inspection Report November 2023
- 4. Consideration of Steadfast Environmental, LLC Proposal #984 [Phos Reduction Program]
- 5. Continued Discussion Topics
 - Amounts Due from Developer
 - Bonds
- 6. Acceptance of Unaudited Financial Statements as of September 30, 2023
- 7. Approval of October 2, 2023 Regular Meeting Minutes
- 8. Other Business
- 9. Staff Reports
 - A. District Counsel: *Kilinski | Van Wyk PLLC*
 - B. District Engineer: Coastal Engineering Associates, Inc.
 - C. District Manager: Wrathell, Hunt and Associates, LLC

NEXT MEETING DATE: December 11, 2023 at 10:00 AM

Comments:

Pond is in great condition. Minor amounts of surface algae was noted in the back portion of the pond, some of which seems to be decaying from prior treatments. Routine maintenance and monitoring will occur here.

Condition: Excellent Great Good √Poor Mixed Condition √Improving

Comments:

The primary issue observed with this pond is the surface algae present on the southern portion. Some of this algae does appear to be decaying from prior treatment, but a significant amount of fresh growth was observed. Shoreline grasses were also observed along parts of the perimeter, and within the beneficial plants on the littoral shelf. Littoral shelf shows evidence of decaying nuisance grasses from prior treatments. Technician will continue to monitor and treat accordingly.

Comments:

The primary issue observed in this pond is the presence of surface and subsurface algae. The subsurface algae was noted within the body of the pond, and most of the surface algae was present along the perimeter. The littoral shelf is displaying signs of treatment between healthy beneficial vegetation, though some grasses still noted. Our technicians major focus going forward is to eradicate any nuisance grasses, and to focus on the surface and subsurface algae present.

				•	

Comments:

This pond still contains significant amounts of surface algae. This will be our technician's primary point of focus during future visits. The objective being to break up and eradicate all surface algae. Minor amounts of nuisance grasses still present within the beneficial grass on the littoral shelf, though much less than other ponds. Remaining nuisance grasses on the littoral shelf are in a state of decay. Our goal for this pond is to eradicate the surface algae and to bring back the visual appeal of the ponds natural beauty and clarity. Though this is a cyclical battle given the nature of the pond's reclaim water source.

Comments:

Beneficial vegetation on left side of pond is in good health. Very minor amounts of nuisance grass was observed within the beneficial vegetation. Very minimal amounts of surface algae also noted along perimeter of pond, though these are small in relation to the pond's surface acreage. Technician will continue to monitor and run routine maintenance.

Comments:

Pond is in great condition. The only issue noted being moderate amounts of surface algae present along parts of the perimeter of the pond. Minimal amounts of subsurface algae was also observed within the body of the pond. These will rectify 5-10 days following treatment via copper sulfate. However, given the nature of the pond's water, algal regrowth is possible. Technician will continue to target this algae during future maintenance events.

As October draws to a close, and we enter November, we are finally seeing a change in the weather conditions influencing the ponds. Cooler temperatures are becoming more commonplace in the mornings and nights, though higher daytime temperatures and sunshine still contribute to rapid algae growth during daytime hours. As the days shorten and the season progresses these bloom events will taper off. Rain events are becoming less frequent, leading to extended decay times for surface algae. Additionally, water levels across most ponds will/are decreasing. Technicians on-site are currently providing both reactive and proactive treatment to the growth. If any algal activity is found to be actively growing around the shoreline and shallow areas it is immediately targeted with algaecides. Ponds which historically (in our experience) produce algal activity are pre-treated with algaecides even if none are present in an effort to get ahead of the growth.

At the time of this inspection, the main enemy is the surface algae present within some of the ponds. With the cooler temperatures becoming more common, the results of future treatments will become more apparent. Some of the observed algae was on its way out, and is in a state of decay. Our technician will continue to monitor the conditions of the ponds, as well as run routine maintenance.

A recurring issue noted in the ponds connected to the reclaim water system is frequent algal blooms. Single celled algae are able to quickly utilize dissolved nutrients in the water column, and multiply exponentially. Steadfast Environmental is currently in the process of designing a nutrient abatement program to help lock these nutrients away before they can be utilized by the offending microorganisms.

RECOMMENDATIONS

Continue to treat ponds for algae, administer follow-ups to ponds experiencing extended decay times.

Administer treatments to any nuisance grasses growing along exposed shorelines and within beneficial plants.

Continue to apply treatment to overgrown littoral areas.

Avoid overtreating ponds, to prevent fish kills or toxic blooms.

Stay alert for debris items that find their way to the pond's shore.

Thank you for choosing Steadfast Environmental!

Steadfast Environmental, LLC. proposes to furnish all labor, materials, equipment and supervision necessary to construct, as an independent contractor, the following described work:

Description	Qty	Cost
Application of SeClear G & Eutrosorb WC to L-8AA, L-8CC, L-15HH, L-5GG, L5II.	12	38,400.00
These ponds are to receive the SeClear & Eutrosorb applications every other treatment event (1 time per month)		
SeClear G is a copper algaecide product with is combined with alum for better water clarity, algae control and excess nutrient control.		
EutroSORB WC targets phosphorus in water bodies that have excess amounts. It is a blend of phosphate binding minerals designed to eliminate phosphorus from the water column. It can be applied via surface spray application, sub-surface injections, or poured into areas where good mixing occurs.

DRAFT

1 2 3	SOUTHERN HI	OF MEETING ILLS PLANTATION I /ELOPMENT DISTRICT
4 5	The Board of Supervisors of the Sour	thern Hills Plantation I Community Development
6	District held a Regular Meeting on Octobe	r 2, 2023 at 10:00 a.m., at the Southern Hills
7	Plantation Clubhouse, located at 4200 Summi	t View Drive, Brooksville, Florida 34601.
8		
9 10	Present at the meeting were:	
11	John McCoskrie	Chair
12	Brian McCaffrey	Vice Chair
13	Margaret Bloomquist	Assistant Secretary
14	Richard Pakan	Assistant Secretary
15	Matt Romero	Assistant Secretary
16		
17	Also present were:	
18		
19	Chuck Adams	District Manager
20	Grace Kobitter	District Counsel
21	Joe Hamilton	Steadfast Environmental
22	Chris Wallen	Steadfast Environmental
23		
24		
25	FIRST ORDER OF BUSINESS	Call to Order/Roll Call
26		
27	Mr. Adams called the meeting to order	r at 10:08 a.m.
28	All Supervisors were present.	
29		
30 31	SECOND ORDER OF BUSINESS	Public Comments (Agenda Items)
32	There were no public comments.	
33		
34 35 36 37	THIRD ORDER OF BUSINESS	Discussion: Steadfast Environmental, LLC Waterway Inspection Report – October 2023
38	The Steadfast Environmental, LLC	Waterway Inspection Report was included for
39	informational purposes.	

SOUTHERN HILLS PLANTATION I CDD

40 Mr. Wallen discussed the Report and responded to questions, noting that duckweed is a 41 prevalent seasonal issue in the area. Duckweed is visible in two ponds and treatments have 42 been applied twice.

43 Mr. McCoskrie stated it was determined that Pond L-5II, behind the dentist, belongs to
44 the HOA, and Mr. Wallen is addressing the issue.

45 Mr. Wallen discussed the treatment and improvement noted in Ponds L-200 and L-5GG.

46 Discussion ensued regarding the Report, pond conditions, the need to apply multiple 47 treatments and the pumping of reclaimed water from the City.

48 Mr. Wallen stated it seems there is a correlation between the algae blooms and the 49 pumping of reclaimed water from the City. He noted that reclaimed water is full is nutrients.

50 Nitrogen and phosphorus in reclaimed water and potential treatments were discussed.

51 Mr. McCoskrie voiced his belief that Ponds L-8AA, L-8CC and L-5HH are the only 52 interconnected ponds that receive reclaimed water. He thinks Southern Hills Irrigation owns the 53 one behind the Sales Center and the golf course uses the one at the top of the hill.

54 Mr. Wallen discussed the presence of Hydrilla in the stream connecting Ponds L-5HH to 55 L-5GG and recommended not pumping reclaimed water into the stormwater ponds.

56 Mr. Adams suggested water testing to establish a baseline.

57 The consensus was to test the water. Ms. Bloomquist and Mr. Hamilton will 58 communicate as needed and gather information from the City.

59 Discussion ensued regarding the water testing scope and schedule.

60 It was noted that Pond L-8CC looks amazing.

61 Mr. Wallen discussed Steadfast's commitment to maintaining the waterways. He noted 62 that, while the contract states Steadfast will visit three times a month, technicians are on site 63 five to six times per month.

Discussion ensued regarding caps on water lines, water pressure and previously damaged water lines. An estimate of \$1,000 for hand digging was discussed.

66 Mr. McCoskrie recalled that work related to previously approved proposals was not 67 scheduled as they are dry-season-related; he suggested a workshop be scheduled to determine 68 how to address the ponds and outstanding Proposals #943, #944 and #945.

69	
70	FOURTH ORDER OF BUSINESS Continued Discussion Topics
71 72	Homesite Erosion Entering Roadways and Drainage Inlets
73	Mr. McCoskrie recalled a lengthy discussion about homesite erosion at the last meeting.
74	It was determined that the HOA regulates the matter but the CDD pays for the cleanup. During
75	the next HOA meeting he will address the preferred solution, which requires storm drains be
76	cleared when necessary.
77	Amounts Due from Developer
78	Mr. McCoskrie stated he is working with Mr. Szymonowicz to determine if the \$170,000
79	"Due from the Developer" in the General Fund represents valid receivables and, if so, how to
80	collect it. Mr. Adams believes it is an accrual from prior years that should have been considered
81	as the CDD was a creditor in a bankruptcy order. Efforts are being made to obtain backup
82	documentation.
83	• Bonds
84	Mr. McCoskrie stated, since the last meeting, Ms. Kilinski has been working to address
85	the 48 escheated lots. The Trustee requested the most updated Lien Book from the CDD. Mr.
86	Pakan discussed correspondence with the Trustee.
87	Mr. Adams stated the Lien Book summary will be transmitted to the Trustee and noted
88	that the Trustee was provided with the schedule of escheated lots, which include Parcel I.D.s,
89	multiple times. The latest Lien Book will be transmitted to the Trustee, with copies to Trustee's
90	Counsel and Mr. McCoskrie.
91	Mr. Pakan suggested the transmittal letter ask how and when the matter will be
92	addressed. Mr. McCoskrie suggested Mr. Adams provide the information to Ms. Kilinski so that
93	she can manage the correspondence and processes.
94	
95 96 97 98	FIFTH ORDER OF BUSINESS Consideration of Appointment of Committee Member for Interlocal Agreement (ILA)

SOUTHERN HILLS PLANTATION I CDD

99 Ms. Kobitter discussed the need to appoint a Committee Member for the Interlocal100 Agreement. She noted the following:

Each of the three CDDs will appoint one member to the Committee and each member
 will have one vote. A substitute member will be appointed for each CDD and that person can
 attend in the absence of the original representative.

The Committee is responsible for determining the annual cost of maintenance of the
 improvements within the boundaries of the CDDs, as defined in the Agreement.

All the contracts and invoices that inform about the annual cost are to be voted on and
 reviewed by the Committee; the majority of the vote from that Committee will then be sent to
 each CDD Board for a final vote.

The annual cost recommendation is due no later than April 15th of the year preceding
 the budget that will be adopted; for example, the deadline for the proposed Fiscal Year 2025
 budget will be April 15, 2024.

CDD #1 is responsible for transmitting all the invoices, contracts, documents and
 information to the Committee for review by April 1 each year. There cannot be an increase or
 decrease of more than 10% of the prior fiscal year without 100% consent of the Committee.

The Committee will meet quarterly, unless all Committee Members agree otherwise. It is recommended that, during the first meeting of the Committee, a quarterly meeting schedule be adopted. If the Committee decides not to meet that often they will memorialize the decision in writing as a decision of the Committee.

120	On MOTION by Ms. Bloomquist and seconded by Mr. McCoskrie, with all in
121	favor, appointing Mr. Brian McCaffrey as the primary Committee Member, was
122	approved.
123	
124	
125	On MOTION by Mr. McCoskrie and seconded by Mr. Romero, with all in favor,
126	appointing Mr. Richard Pakan as the substitute Committee Member, to attend
127	in the absence of Mr. McCaffrey, was approved.
128	
129	

SOUTHERN HILLS PLANTATION I CDD

130	Ms. Kobitter stated that meetings will be coordinated through the District Managers,					
131	once all Committee Members are appointed.					
132	Mr. Adams stated he will email the information to Mr. McCaffrey.					
133						
134 135 136	SIXTH ORDER OF BUSINESS Discussion/ Update: Operating Funds Investment Options					
137	Mr. Adams presented the BankUnited proposal for an Insured Cash Sweep (ICS) program					
138	that is FDIC insured up to \$150 million, versus regular bank business money market accounts					
139	that are insured up to the \$250,000 FDIC coverage limit. The interest rate is based on the					
140	Federal Funds Rate; no minimum threshold applies to interest earnings.					
141	Mr. Adams presented the FineMark Bank ICS account outline for informational purposes					
142	and noted that interest earnings are not maximized.					
143	Mr. Adams presented the Synovus State, County and Municipal (SCM) Money Market					
144	account. FDIC insurance is included on the first \$250,000, to be collateralized as defined in					
145	Chapter 280, Florida Statutes. The minimum initial deposit for each account would be					
146	\$500,000.					
147	Discussion ensued regarding use of ICS and operating accounts.					
148						
149 150 151 152 153	On MOTION by Mr. McCoskrie and seconded by Mr. Romero, with all in favor, moving excess funds to the Bank United ICS Money Market Product, as described, was approved.					
154 155 156	SEVENTH ORDER OF BUSINESS Acceptance of Unaudited Financial Statements as of August 31, 2023					
157	Mr. McCoskrie reviewed the Unaudited Financial Statements as of August 31, 2023. He					
158	reiterated that he will continue working with Mr. Szymonowicz regarding collection of the "Due					
159	from Developer" amounts.					
160	Mr. McCoskrie noted that the "Irrigation repairs & maintenance" expenses were far					
161	over budget. Mr. Adams stated that the irrigation system was rebuilt; eleven months into the					
162	fiscal year, the CDD is at 79% of total expenditures, indicating a probable surplus at year end.					

SOUTHERN HILLS PLANTATION I CDD DRAFT

163		Discussion ensued regarding the need to clean the culverts.				
164		Mr. McCoskrie voiced his opinion that additional cleanout on the west side is needed.				
165		Mr. Pakan left the meeting at 11:01 a.m.				
166						
167 168 169	On MOTION by Mr. McCoskrie and seconded by Mr. McCaffrey, with all in favor, the Unaudited Financial Statements as of August 31, 2023, were accepted.					
170 171 172 173	EIGHT	H ORDER OF BUSINESS Approval of September 11, 2023 Regular Meeting Minutes				
174 175 176		Mr. McCoskrie presented the September 11, 2023 Regular Meeting Minutes.				
177 178 179	favor, the September 11, 2023 Regular Meeting Minutes, as presented,					
180 181 182 183	NINTH	ORDER OF BUSINESS Other Business				
184	Ms. Bloomquist stated the City removed the broken concrete from the storm drain and					
185		d that the repair was added to the list. She will follow up in this regard. An email was sent				
186	to City	Council member Ms. Christa Tanner and a follow up email will be sent.				
187		Discussion ensued regarding the need to repave the outbound portion of the Boulevard.				
188	lt was	noted that both sensors required replacement.				
189		Ms. Bloomquist stated she will ask Ms. Tanner about the pavers and related issues.				
190 191	TENTH	I ORDER OF BUSINESS Staff Reports				
192 193	А.	District Counsel: Kilinski Van Wyk PLLC				
194	В.	District Engineer: Coastal Engineering Associates, Inc.				
195	C.	District Manager: Wrathell, Hunt and Associates, LLC				
196		There were no District Counsel, District Engineer or District Manager reports.				
197		• NEXT MEETING DATE: November 13, 2023 at 10:00 AM
