Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of Southern Hills Plantation I Community Development District (the "District"), as of and for the year ended September 30, 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Southern Hills Plantation I Community Development District as of September 30, 2024, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Fort Pierce / Stuart

- 1 -

To the Board of Supervisors
Southern Hills Plantation I Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Supervisors
Southern Hills Plantation I Community Development District

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated December 16, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern Hills Plantation I Community Development District's internal control over financial reporting and compliance.

Southern Hills Plantation I Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024

Management's discussion and analysis of Southern Hills Plantation I Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Southern Hills Plantation I Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as capital improvement bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2024.

- ◆ The District's total assets exceeded total liabilities by \$3,662,801 (net position). Net investment in capital assets for the District was \$4,571,500. Unrestricted net position for Governmental Activities was \$1,532,267). Restricted net position was \$623,568.
- ◆ Governmental activities revenues totaled \$1,193,412 while governmental activities expenses totaled \$1,821,954.

Financial Analysis of the District

The following schedule provides a summary of the assets, liabilities and net position of the District and is presented by category for comparison purposes.

Net Position

| | Governmental Activities | |
|----------------------------------|--------------------------------|----------------------------|
| | 2024 | 2023 |
| Current assets | \$ 1,804,518 | \$ 1,949,333 |
| Restricted assets | 856,510 | 981,456 |
| Capital assets | 9,233,941 | 10,048,895 |
| Total Assets | <u>11,894,969</u> | <u>12,979,684</u> |
| | | |
| Current liabilities | 1,262,168 | 1,223,341 |
| Non-current liabilities | 6,970,000 | 7,465,000 |
| Total Liabilities | <u>8,232,168</u> | <u>8,688,341</u> |
| | | |
| Net Position | | |
| Net investment in capital assets | 4,571,500 | 5,067,265 |
| Restricted | 623,568 | 778,930 |
| Unrestricted | <u>(1,532,267)</u> | <u>(1,554,852)</u> |
| Total Net Position | <u>\$ 3,662,801</u> | <u>\$ 4,291,343</u> |

The decrease in current and restricted assets is related to expenditures exceeding revenues at the fund level in the current year.

The decrease in capital assets is due to depreciation in the current year.

The increase in current liabilities is related to the increase in accounts payable in the current year.

The decrease in non-current liabilities is primarily related to current year principal payments.

The decrease in net investment in capital assets is primarily due to depreciation in excess of principal payments on long-term debt in the current year.

Financial Analysis of the District (Continued)

The following schedule provides a summary of the changes in net position of the District and is presented by category for comparison purposes.

Change In Net Position

| | Governmental Activities | |
|----------------------------------|--------------------------------|---------------------|
| | 2024 | 2023 |
| Program Revenues | | |
| Charges for services | \$ 1,027,835 | \$ 1,400,540 |

| Net Position - End of Year | <u>\$ 3,662,801</u> | <u>\$ 4,291,343</u> |

The decrease in charges for services is related to a budgeted decrease in special assessments in the current year.

The decrease in general government is related to the decrease in settlement costs resulting from an updated interlocal agreement in the prior year.

The increase in physical environment is mainly related to the increase in lake and pond bank maintenance and landscape maintenance in the current year.

During the year, depreciation was \$814,954.

General Fund Budgetary Highlights

Budgeted expenditures exceeded actual expenditures because contingency expenditures were less than anticipated.

The September 30, 2024 budget was amended primarily to increase lake and pond bank maintenance expenditures which were higher than originally anticipated.

Debt Management

Governmental Activities debt includes the following:

- ◆ In March 2011, the District issued \$7,010,000 Series 2011 A-1 and \$5,095,000 Series 2011 A-2 Capital Improvement Revenue Bonds. These bonds were issued to finance and refinance the acquisition and construction of certain infrastructure improvements within the District. In a previous year, the District did not make certain principal payments which are reflected as matured bonds payable totaling \$540,000, in the financial statements. The unmatured balance outstanding at September 30, 2024 was \$7,465,000.

TO THE STATEMENT OF ACTIVITIES
For the Year Ended September 30, 2024

Net Change in Fund Balances - Total Governmental Funds \$ (261,167)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation. This is the amount of depreciation in the current period. (814,954)

Repayments of bond principal are expenditures at the governmental fund level, but the repayments reduce long-term liabilities in the Statement of Net Position. 470,000

Revenues that are unavailable at year end are recognized as a deferred inflow of resources at the fund level. Revenues are recognized when earned at the government-wide level. This is the current year change in unavailable revenues. (33,780)

In the Statement of Activities, interest is accrued on outstanding bonds; whereas at the governmental fund level, interest expenditures are reported when due. This is the change in accrued interest in the current period. 11,359

Southern Hills Plantation I Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on August 2, 2004, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by Ordinance #676 of the City of Brooksville, Florida, as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Southern Hills Plantation I Community Development District. The District is governed by a Board of Supervisors who are elected to four-year terms. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Southern Hills Plantation I Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards Board Statement Number 61, The Financial Reporting Entity, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTES TO FINANCIAL STATEMENTS
September 30, 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are primarily supported by special assessments. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance in accordance with Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter, to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 90 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Fund – Accounts for debt service requirements to retire the special assessment bonds which were used to finance the construction of District infrastructure improvements. The bonds are secured by a first lien on and pledge of the Pledged Revenues.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as capital assets, and non-current governmental liabilities, such as capital improvement bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, Deferred Inflows of Resources and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, Deferred Inflows of Resources and Net Position or Equity (Continued)

a. Cash and Investments (Continued)

Cash equivalents include time deposits and all highly liquid debt instruments with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

b. Restricted Assets

Certain net position of the District is classified as restricted assets on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land and improvements, infrastructure, improvements other than buildings and equipment, are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful life of the infrastructure class of depreciable capital assets is 17 years; the estimated useful life of the improvements other than buildings class of depreciable capital assets is 25 years; and the estimated useful life of the equipment class of depreciable capital assets is 15 years.

d. Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until then. The District only has one item that qualifies for reporting in this category. Deferred revenues are reported only in the governmental funds balance sheet. This amount is deferred and recognized as an inflow of resources in the period that amounts become available.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, Deferred Inflows of Inflows and Net Position or Equity (Continued)

e. Budgets

Budgets are prepared and adopted after a public hearing for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

f. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the financial statement date and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2024, the District's bank balance was \$663,049 and the carrying value was \$662,829. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Southern Hills Plantation I Community Development District
NOTES TO FINANCIAL STATEMENTS

NOTE B – CASH AND INVESTMENTS (CONTINUED)

Investments

As of September 30, 2024, the District had the following investments and maturities:

| Investment | Maturities | Fair Value |
|--|-------------------|-------------------|
| First American Treasury Obligations Fund | 31 days* | \$ 856,510 |
| Florida PRIME | 39 days* | 103 |
| Total | | \$ 856,613 |

* Weighted average maturity

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted prices for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that use the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment in First American Treasury Obligations Fund is a Level 1 asset.

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. The investment in Florida PRIME is measured at amortized cost. Florida PRIME has established policies and guidelines regarding participant transactions and the authority to limit or restrict withdrawals or impose a penalty for an early withdrawal. As of September 30, 2024, there were no redemption fees, maximum transaction amounts, or any other requirements that would limit daily access to 100 percent of the account value.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Southern Hills Plantation I Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2024

NOTE B – CASH AND INVESTMENTS (CONTINUED)

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2024, the District's investments in First American Treasury Obligations Fund and Florida PRIME were rated AAA by Standard & Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in the Florida PRIME are less than 1% of the District's total investments. The investments in First American Treasury Obligations Fund are nearly 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2024 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – RELATED PARTY TRANSACTIONS

Three of the voting members of the Board of Supervisors are employed by the Developer or a related entity. The District had \$1,115,897 due from the Developer at September 30, 2024.

The District entered into an Inter-local Agreement, dated December 28, 2004 with Southern Hills Plantation II Community Development District ("SH2") and Southern Hills Plantation III Community Development District ("SH3"). Under the agreement, the District was designated to supervise and manage the construction and maintenance of improvements in all three districts, and SH2 and SH3 would share those costs. Both SH2 and SH3 failed to fulfill the payment obligations under the Interlocal Agreement. In the prior fiscal year, SH1 and SH3 entered into a repayment agreement and SH3 has made up its outstanding amounts due under the Interlocal Agreement.

In May 2023, the District entered into an Inter-local Agreement with SH2 and SH3 establishing cost sharing provisions moving forward and a settlement amount for SH2 for amounts past due for fiscal years prior to fiscal year 2023. Under the terms of the agreement, SH2 paid SH1 an initial sum of \$40,000 on January 31, 2024, and a fixed annual amount of \$20,000 through fiscal year 2026 due annually by April 1. Commencing in fiscal year 2026, SH2 will pay 25% of the annual cost of maintenance of the improvements, and commencing in fiscal year 2023, SH3 will pay 23.8% of the annual cost.

The District recognized \$62,164 in revenue from SH2 and SH3 during the current fiscal year. The amount receivable from the two Districts at September 30, 2024 was \$10,356.

NOTE E – LONG-TERM DEBT (CONTINUED)

Significant Bond Provisions

The Series 2011A-1 and A-2 Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, at any time after May 1, 2012, at a redemption price set in the Bond indenture. The Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond indenture.

The Bond Indenture established certain amounts be maintained in a reserve account. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

Depository Funds

The bond resolution establishes certain funds and determines the order in which revenues are to be deposited into these funds. A description of the significant funds, including their purposes, is as follows:

Reserve Fund – The Series 2011 Reserve Account is funded from the proceeds of the Bonds. Monies held in the reserve accounts will be used only for the purposes established in the Trust Indenture.

| Capital Improvement Revenue Bonds | |
|--|--------------------------------|
| Reserve Balance | Reserve Requirement |
| Series 2011 A-1 | \$ 510,542 |
| Series 2011 A-2 | \$ 85,802 |

In previous years, the District did not make certain required principal payments for the Series 2011A-2 Bonds totaling \$540,000 as of September 30, 2024. These amounts are reflected as matured bonds payable in the accompanying financial statements.

NOTE F – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The District has not filed any claims under this commercial coverage during the last three years.

NOTE G – ESCHEATED PROPERTY AND BOND WRITE DOWN

The District contends that certain Series 2011A-1 Bonds should be written down by the portion of the debt that is attributable to certain lots that escheated to Hernando County, Florida ("County"). The District has contacted the Bond Trustee about the write-off of principal of \$445,000; however, the Bond Trustee has not yet responded that a write-off is appropriate. The dates the 48 parcels escheated to the County, are as follows:

| Date of Escheatment | Principal Write-Off |
|--------------------------------|--------------------------------|
| 5/1/2018 | \$ 130,000 |
| 11/1/2018 | 25,000 |

| Total | <u>\$ 445,000</u> |

NOTE H – INTERFUND BALANCES

Interfund balances as of September 30, 2024, consisted of the following:

| Receivable Fund | Payable Fund | |
|------------------------|---------------------|--------|
| | Debt Service Fund | |
| General Fund | \$ | 16,056 |

Interfund balances are primarily due to expenditures paid by one fund on behalf of another fund that have not been repaid as of year end.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Southern Hills Plantation I Community Development District, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated December 16, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Southern Hills Plantation I Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southern Hills Plantation I Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Southern Hills Plantation I Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

To the Board of Supervisors
Southern Hills Plantation I Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern Hills Plantation I Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Please note certain findings in the management letter on pages 32-36.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
Southern Hills Plantation I Community Development District
Brooksville, Florida

Report on the Financial Statements

We have audited the financial statements of the Southern Hills Plantation I Community Development District as of and for the year ended September 30, 2024, and have issued our report thereon dated December 16, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reports and Schedule

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with AICPA Professionals Standards, AT-C Section 315 regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in that report, which is dated December 16, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been made to address findings and recommendations made in the preceding financial audit report. The following findings or recommendations were made in the preceding financial audit report.

To the Board of Supervisors
Southern Hills Plantation I Community Development District

Finding 2018-01

Finding: The reserve fund was utilized to make part of the May 2018 payment due on the Series 2011 A-1 bonds. The balance had not been restored to the reserve fund by year end. We recommend that the District, in conjunction with the Trustee and the Bondholders, take steps to restore the reserve fund balance to the required amount.

Response: The above parties are investigating possible steps to restore the reserve balance to the required amount and/or reduce the required reserve balance.

Status: The reserve balance has not been restored to the required balance for the Series 2011A-1 Bonds.

Finding 21-01

Finding: The Developer did not pay the 2022 debt service assessment and the May 2022 principal payment was not made.

Response: Certain principal payments on the Series 2011A-2 Bonds remain unpaid. The District is currently exploring all available remedies to receive the debt service assessment.

Status: The District has resumed making regular principal payments; however, certain principal payments on the Series 2011A-2 Bonds still remain unpaid.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not Southern Hills Plantation I Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that the Southern Hills Plantation I Community Development District has not met one of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial conditions assessment procedures as of September 30, 2024 for the Southern Hills Plantation I Community Development District. It is management's responsibility to monitor the Southern Hills Plantation I Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE WITH
SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors
Southern Hills Plantation I Community Development District
Brooksville, Florida

We have examined Southern Hills Plantation I Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2024. Management is responsible for Southern Hills Plantation I Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Southern Hills Plantation I Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Southern Hills Plantation I Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Southern Hills Plantation I Community Development District's compliance with the specified requirements.

In our opinion, Southern Hills Plantation I Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2024.

Southern Hills Plantation Club 1 CDD
Boulevard Mainline Irrigation Line Replacement
Planning Report – Sept 2025

Existing System – Southern Hills Boulevard is the main entrance to the Southern Hills community and the adjacent Cascades community. The Boulevard is a 4-lane divided roadway with a 18 ft wide landscaped median. It is 3300 +/- ft in length from US 41 to Cotillion Blvd. The existing irrigation mainline is a 3" PVC, 2 wire system with 40 total zones (33 numbered zone and 7 zones with battery powered timers). The irrigation mainline crosses the roadway 5 times. The total length of mainline pipe in the system to serve both sides of the roadway is approx. 4800 LF.

Recent History of Repair Costs – The recent history of annual repair costs for the Boulevard Irrigation system is as follows:

| |
|--------------------------------|
| FY 2023 - \$34,977 |
| FY 2024 - \$24,476 |
| FY 2025 - \$17,303 (Thru 7/31) |
| FY 2026 - \$15000 (Budgeted) |

The average cost to repair leaks in the system is just under \$20,000 per year.

Process to gain insights into replacement strategies – The Mainline Irrigation system is 20 years old, having been built during the initial build-out of Southern Hills in 2005 -2007. As-built plans for the system are not available and In the spring of 2025 the Board approved a work order to develop an accurate map of the system through the use of wire tracking. Since the replacement of the mainline of the irrigation system was expected to be quite costly the CDD-1 Board of Supervisors asked for some dollar figures to be developed to assist in our replacement planning. In July, two contractors experienced with irrigation systems were asked to develop schemes to replace the mainline systems using the mapping developed as part of the recently completed wire tracking effort.

Results of Contractor's Proposed Replacement Schemes – The two contractors who provided their assessment of the replacement costs for the 3" mainline each provided a different schemes. One contractor proposed to replace the mainline by utilizing a conventional SCH 40 purple PVC mainline with requiring glued joints to join sections together. The estimated cost of \$141,000. The other contractor proposed a mainline consisting of HDPE (High Density Polyethylene), a thermoplastic polymer made from petroleum that was estimated to cost between \$150,000 and \$ 200,000. A comparison of the properties, costs and characteristics of the 2 types of mainline irrigation pipe is attached to this report.

The two schemes also differed in what items were, or were not included in the estimated cost. Some of these items included:

- Directional roadway bores (number and length)
- Number, type and brand of valves and decoders
- Gauge and brand of control wire
- Sidewalk cutting, removal and replacement
- Type and quantity of sod for repair of trenching

Proposed Bidding Process – Once decisions about financing of this major investment are made, additional efforts will be necessary in order to have an “apples to apples” bidding process. There are design decisions to be made, the most important one being PVC vs HDPE pipe and specifications prepared to specify the single answer to all of the above discrepancies, and to eliminate any others that are identified as we move to a decision to solicit bids.

3-inch Irrigation Pipe

HDPE vs PVC

| HDPE | FACTOR | PVC |
|--|---------------|---|
| \$2.50 LF | Cost | \$2.00 LF |
| 50+ | Life Span | 20 – 40 yrs |
| Very resistant to fatigue cracking and ground movements | Durability | More susceptible to fatigue cracking and failure |
| Flexible | Flexibility | Rigid |
| 200 times outer diameter | Bending | 25 times outer diameter |
| Heat Fused joints Leak free | Joints | Joints are glued Potential for leaks |
| Narrow | Trench width | Wider |
| Faster, minimal wait time Joined outside of trench and lowered in | Installation | Slower (cure time for joints) Requires joints to be made in trench |
| High | UV Resistance | Degrades quickly with UV exposure |

DRAFT

**MINUTES OF MEETING
SOUTHERN HILLS PLANTATION I
COMMUNITY DEVELOPMENT DISTRICT**

The Board of Supervisors of the Southern Hills Plantation I Community Development
held a Regular Meeting on December 8, 2025 at 10:00 a.m., at the Southern Hills
Clubhouse, 4200 Summit View Drive, Brooksville, Florida 34601.

Present:

| | |
|---------------------|---------------------|
| John McCoskrie | Chair |
| Richard Pakan | Vice Chair |
| Margaret Bloomquist | Assistant Secretary |
| Eugene Tomashosky | Assistant Secretary |
| George Ostensen | Assistant Secretary |

Also present:

| | |
|------------------------------|-------------------------------|
| Chuck Adams | District Manager |
| Grace Rinaldi | District Counsel |
| Joe Calamari | District Engineer |
| Alex Kurth (via telephone) | Premier Lakes, Inc. (Premier) |
| Ed Spikowicz (via telephone) | Resident |

FIRST ORDER OF BUSINESS

Call to Order/Roll Call

Mr. Adams called the meeting to order at 10:00 a.m.

All Supervisors were present.

SECOND ORDER OF BUSINESS

Public Comments (Agenda Items)

No members of the public spoke.

THIRD ORDER OF BUSINESS

Update/Discussion/Consideration: Premier Lakes, Inc. Items

• **Lake Maintenance Reports – November 2025**

39 Mr. Kurth presented the November Lake Maintenance Reports and highlighted the
40 following:
41 ➤ The boat treatment was very effective on all of the lakes that were treated.

42 ➤ The property seems to be getting better each week; water temperatures have cooled. Per
43 the Board's request, Lake L-200AA was inspected and subsequently treated for submerged
44 vegetation. Technicians will continue to monitor the lake.

45

46 **FOURTH ORDER OF BUSINESS**

47 **Continued Discussion/Update: Coastal**
48 **Engineering Associates, Inc. Agreement for**
49 **Services [Pond 5ii Sketch & Description]**
HOA Payment Request

50

51 Mr. Adams stated this item should be removed as it has become an HOA matter.

52

53 **FIFTH ORDER OF BUSINESS**

54 **Update: Boulevard Mainline Irrigation Line**
55 **Replacement Project**

56 The Boulevard Mainline Irrigation Line Replacement Planning Report dated September
57 2025 was included for informational purposes.

58 Asked about the irrigation systems on the Boulevard, Mr. Ostensen stated there was
59 another break in the 3" mainline near the entrance. Workers opened it up, drained it and repaired
60 it. It is being left it open for a few more days to make sure there are no leaks and then it will be
61 closed. If it is observed to be open, that means that it is being worked on.

62 Asked if there were any other irrigation issues, Mr. Ostensen replied that everything is
63 okay for the moment but voiced concerns that further repairs will be necessary based off the
64 mapping and connections. The project will cost \$150,000. He asked if there are sufficient funds
65 in the budget to make the repairs in Fiscal Year 2026. Mr. Mitchell stated the project will likely
66 be included in the Fiscal Year 2027 budget.

67 Discussion ensued regarding reserve funds, the best time of year to complete the project,
68 the scope of work, project length and deteriorating roadways.

69

70 **SIXTH ORDER OF BUSINESS**

71 **Continued Discussion/Update: Trustee**
72 **Response to District Revised Amortization**
73 **Schedule Removing Escheated Parcels**

74 Ms. Rinaldi stated that her office sent a letter to the Trustee at the end of October asking
75 them to provide written direction and guidance on the revised Amortization Schedule. Trustee's
76 Counsel responded and advised that he would be participating on a call with the bondholders
77 before long. He was doubtful the re-assessment on the lots that escheated, as described in Staff's

78 letter, since the Trustee cannot provide indemnity to the CDD or any other entity and the
79 bondholders are unlikely to offer that indemnity as well. Upon following up with Trustee's
80 Counsel to see if the call occurred and the outcome of it, Trustee's Counsel responded that the
81 bondholders are very busy and he would check with them again on Friday. A response has not
82 been received since then.

83 In light of Staff not having an update on those conversations or any direction with
84 Trustee's Counsel, a litigation attorney was contacted since District Counsel does not litigate.

85 An engagement letter from Greenlee Law was distributed under separate cover.

86 Ms. Rinaldi pointed out that the CDD's name throughout the engagement letter will be
87 updated. Ms. Page Greenlee is working on that and will provide a revised engagement letter to
88 be executed should the Board approve the engagement letter for her to handle the litigation and
89 proceed with filing a suit. What that lawsuit would look like is unclear. There were preliminary
90 discussions with Ms. Greenlee when the engagement letter was requested. Ms. Greenlee was
91 provided with a recap of what the CDD has been dealing with in terms of the escheated lots, the
92 conversations with Trustee's Counsel and trying to get a response and guidance from the
93 bondholders. Litigation Counsel has been fully apprised of the case and Staff will be working with
94 her on the cause of action that she would bring in handling this case for the CDD.

95 Asked about Ms. Greenlee's qualifications, Ms. Rinaldi stated she is a solo practitioner
96 who is familiar with CDDs. Staff has a strong working relationship with Greenlee Law and has had
97 many positive experiences working with Ms. Greenlee.

98 Discussion ensued regarding going against Greenberg Traurig, whether to consider other
99 litigation attorneys, litigation costs, the scope of work, the cause of action, a motion to compel
100 the Trustee to respond, whether to approve the engagement letter, whether to send a letter to
101 the Trustee and the next steps in the process.

102 Ms. Rinaldi will ask Ms. Greenlee to attend the January 2026 meeting via telephone.

103 **On MOTION by Mr. McCoskrie and seconded by Mr. Pakan, with all in favor,**
104 **authorizing the Chair to execute the Engagement Letter for Special Litigation**
105 **Counsel, in a not to exceed retainer amount of \$5,000, and authorizing Ms.**

117 Mr. Adams presented Resolution 2026-02 and read the title.

118 Ms. Rinaldi stated that there were changes to a few Florida Statutes and Florida Law in
119 the most recent legislative session and, to ensure that the Rules of Procedure are consistent and
120 in compliance with Florida Statutes, the document was updated and a public hearing must be set
121 to adopt the Amended Rules of Procedure. A redlined version of the Rules of Procedure is
122 included for informational purposes.

123 **On MOTION by Mr. McCoskrie and seconded by Mr. Pakan, with all in favor,
124 Resolution 2026-02, to Designate for February 9, 2026 at 10:00 a.m., at the
125 Southern Hills Plantation Clubhouse, 4200 Summit View Drive, Brooksville,
126 Florida 34601 as the Date, Time and Place of a Public Hearing and Authorization
127 to Publish Notice of Such Hearing for the Purpose of Adopting Amended and
128 Restated Rules of Procedure; and Providing an Effective Date, was adopted.**

Staff Reports

235

236

A. District Counsel: Kilinski|Van Wyk PLLC

237 Ms. Rinaldi recalled that, at the previous meeting, the Board discussed a request from the
238 Weston's attorney. Staff sent a draft of that letter to the Board and received a few changes and
239 comments from Mr. Pakan. She asked if there were any other comments from the Board before
240 the revised letter is mailed. There were no further comments. Ms. Rinaldi will send the letter to
241 the Weston's attorney after the meeting.

242 Regarding a previous question about ownership of Pond 5HH, Ms. Rinaldi stated it is
243 owned by the golf club and there is a 2013 deed for it. Mr. McCoskrie stated there is another
244 deed that was executed at a Board meeting on June 16, 2019 wherein several ponds were deeded
245 from the golf course to the CDD and that pond was among them. Ms. Rinaldi will check the
246 property appraiser's website to confirm ownership.

247 **B. District Engineer: Coastal Engineering Associates, Inc.**

248 There was no report.
